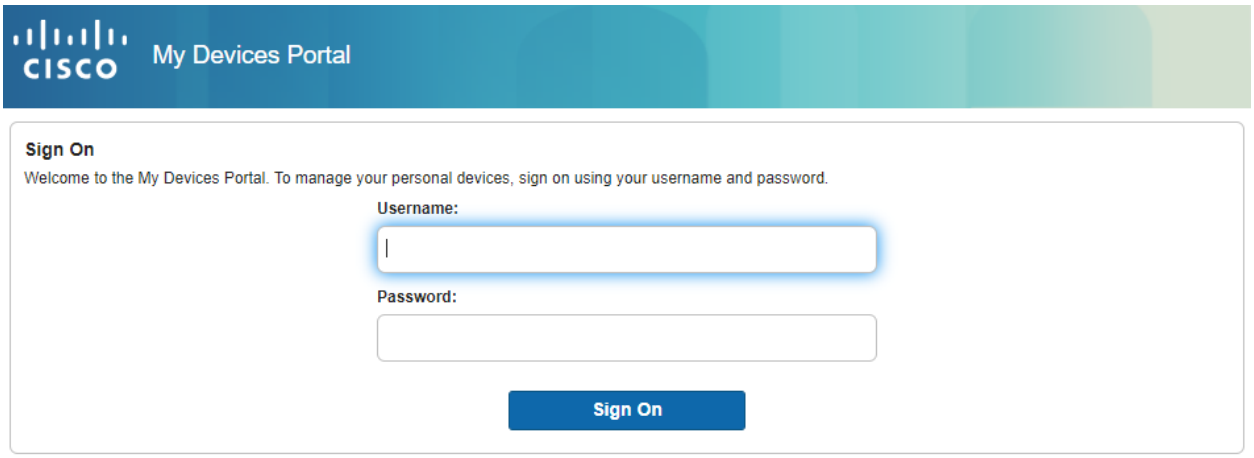
Connect to the OLLU Devices Network

Step 1. Login to My Devices portal:

https://devices.ollusa.edu/

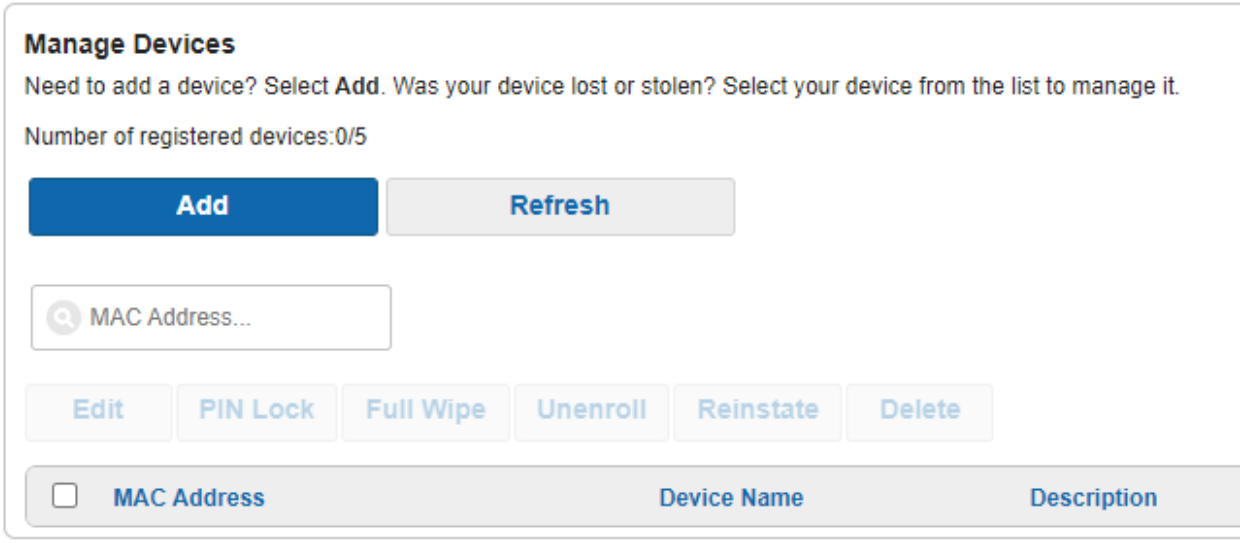
Enter your OLLU username and password:

Example: username **Jahmed** not Jahmed@ollusa.edu



Step 2. Click on "**Add**" to enter your device's MAC address:

Example: AA:BB:CC:11:22:33



Step 3. Follow the on-screen directions to enter a device name and device ID (MAC address):

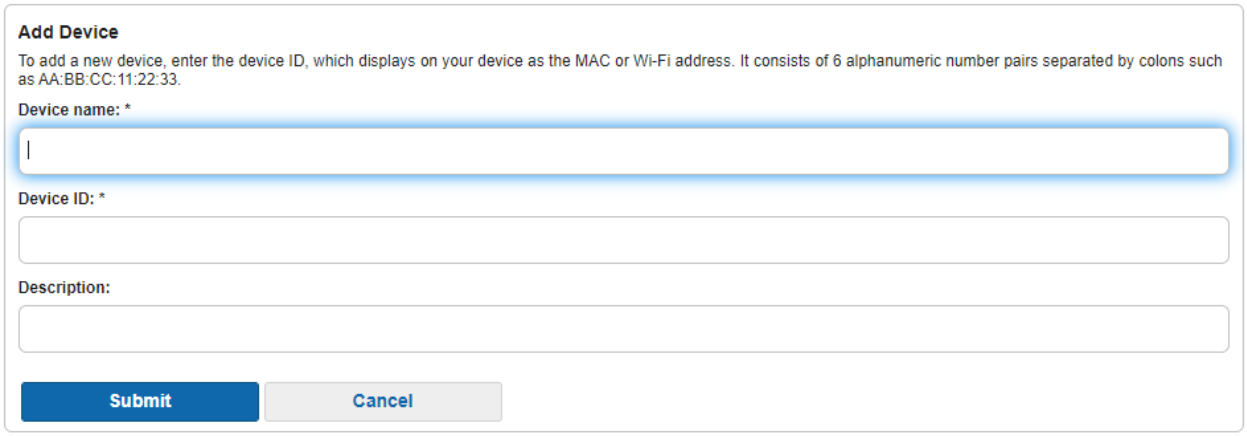
For any questions regarding the OLLU Devices network please contact the Helpdesk.

Helpdesk@ollusa.edu 210-431-3908

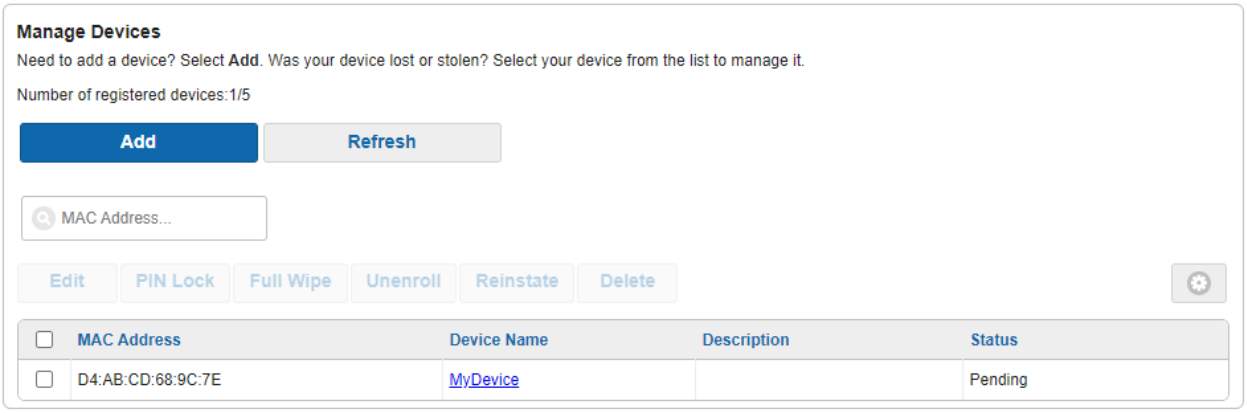
Connect to the OLLU Devices Network

Create a name for your device, add the Mac address in the Device ID field and the add a description of the device.

Step 4. Click Submit and device will show up on the list:



On the manage devices page you should see your device in the list with a status of pending.



Step 5. Connect your consumer device to the “OLLUDevices” wireless network in your device’s network settings. Launch or open the device (example - Firestick, Roku, or TV,) and connect the OLLU Devices network in the list of wireless internet options. After your device shows it is connected you are ready for use.

For any questions regarding the OLLU Devices network please contact the Helpdesk.
